## Dressing your wedding...

**Décor:** Couples can create their own unique style for their wedding. Whatever the requirements, we will do our best to match. We offer a garden theme reception area, wowing your guests upon arrival with the use of coloured flowers beautifully arranged. We also have a system operated flower shower for grand entrances, and mirror windows draped in white with different downlight effects.

**Stage:** The stage is an integral part of the wedding ceremony as all eyes are towards it, so the look and feel, colours, lighting, and flooring all require detailing with precision planning. You can choose your own customised stage from our in-house stage décor list. Please arrange a consultation with our stage decorator on 07725837373.

**Lighting:** Look up and gaze at our crystal chandeliers in awe, surrounded by fairy lights twinkling down on your function.

You also have an option to use our DMX spotlights which can follow you down the aisle.

# CATERING
